OBJECTIVE

Motivated engineering student with hands-on experience in IoT-based projects and a strong interest in software development. Currently enhancing skills in web technologies and backend systems. Eager to apply foundational knowledge in real-world projects while continuously learning and contributing to innovative digital solutions.

EDUCATION

Adithya Institute of Technology	B.E. (EEE)	2022 - 2026
Ramnagar Suburban Mat. Hr. Sec. School	HSC	2020 - 2022
Elsie Mat. Hr. Sec School	SSLC	2019 - 2020

PROJECTS

Symposium Event Website | GIT REPOSITORY

- Developed a responsive symposium website using HTML, CSS, and JavaScript, ensuring seamless navigation and accessibility across various devices.
- Implemented interactive features with JavaScript, enhancing user engagement and delivering a dynamic browsing experience.

Tools used : VScode

Smart Energy Management System | GIT REPOSITORY

- Developed an IoT-based smart energy monitoring system using ESP32 and the PZEM-004T sensor to capture real-time voltage, current, power, and energy data.
- Built a user-friendly dashboard using the MERN stack (MongoDB, Express.js, React, Node.js) to visualize live energy consumption, helping users monitor and optimize power usage effectively.

Tools used: VS Code, Arduino IDE, MERN Stack

To-Do List Web Application | GIT REPOSITORY

- Developed a responsive to-do list application using HTML, CSS, and JavaScript to help users manage daily tasks efficiently.
- Implemented features such as task addition, deletion, and marking completion, with dynamic DOM updates and a clean, intuitive user interface.

Tools used: VS Code

TECHNICAL SKILLS

Languages: C, C++, JavaScript

Technologies/ Frameworks: HTML5, CSS3, Express JS, Node JS, REST API

Tools: VsCode, Git, Github, Postman, Figma, Canva

Cloud/Databases: MongoDB

Core Concepts: Client-Server Architecture

CERTIFICATIONS

Completed C, C++, Java course from TECMAC Computer Education.		2024
Completed Online Web Development Internship from Prodigy InfoTech.		2024
Completed Online Web Development Internship from Internpe.		2025
Participated in the workshop "Design Sprint: Crafting Intuitive UI/UX and Innovative Products" conducted during Kanam 2025 at Dr. N.G.P. Institute of Technology & Arts and Science College.		2025
Completed HTML & CSS Program from Error Makes Clever.		2025
Participated and secured wins in various Technical events such as Paper Presentations, Hackathons and Technical quizzes conducted at Technical symposiums across multiple colleges.		2022 - 2025
